

CRUSHED BY AUTO, TWO DIE.

Two Others Badly Hurt, Placed Under the Operation.

NEW YORK, Oct. 8.—Frank C. Gorman, a Bridgeport merchant, and Mrs. E. C. Gorman, also of Bridgeport, were killed and Mrs. Gorman and Mr. Gorman were severely injured last night when their auto upset beside the highway near here.

All were pinned under the car. Mr. Gorman met instant death. Mrs. Gorman died on the way to a Danbury hospital. The automobile slid into a ditch in attempting to avoid another machine.

AN ARMY OF EFFICIENCY

What Internal Bathing is Doing for Humanity

The noted specialists of the medical world have recently sounded a universal warning against accumulated waste in the lower intestine that newspapers throughout the country have taken it upon themselves to publish detailed reports of their researches and operations.

The New York Times of January 14th tells of a case where a child had what was believed to be an incurable form of hemorrhoid joint disease. Waste in the large intestine had so affected it that all but nine inches was removed.

The result was astonishing. In a week's time the internal organs resumed all their normal functions, and in a few weeks the patient was apparently in perfect health.

Publicity of this kind has so awakened the public that hundreds of thousands are now using Internal Baths to keep the lower intestine free from this poisonous waste.

By means of the "J. B. L. Cascade," the scientific appliance for internal bathing, Nature is gently assisted in expelling the colon absolutely clean with warm water. Constipation, which leads to so many dangerous ailments, is impossible, and you are kept regular.

Just try an Internal Bath with the "J. B. L. Cascade" and see how clean, bright and able you feel next morning.

In other words, it will add 60% to your efficiency and health, as it has to the great army who are now using it.

You can see it at all Riker and Huggins Drug Stores in New York and Brooklyn, who will give you on request Dr. Tyrrell's treatise on the subject called "Why Man of To-day is Only 60% Efficient."
